DETAILED ACTION

Status of Claims

Claims 1-21 are pending in this application.

Claims 1-21 are rejected.

Response to Arguments

Applicant's arguments, see remarks, filed April 19, 2007, with respect to claims 1-21 have been fully considered and are persuasive. The rejection of claims 1-21 under 35 USC 103(a) as being unpatentable over Kurek (US 4,482,741) in view of Nakamura et al (US 6,476,269) has been withdrawn.

Applicant's arguments filed April 19, 2006 with respect to Claims 1-21 being provisionally rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 1-24 of copending Application No. 10/570,099 have been fully considered but they are not persuasive. Applicant has proposed to overcome this rejection by filing a terminal disclaimer upon the indication of otherwise allowable subject matter. It is for this reason that this rejection has been maintained.

Also, the provisional rejection of claims 1-21 under 35 USC 103(a) as being obvious over copending application 10/571,260, which has a common invention with the instant application, has been maintained.

Claim Objections

Specification

The disclosure is objected to because of the following informalities: There is no "**Brief Description of the Drawings**" included in the specification. The description that

is present fails to describe each number labeled on each figure. There is a need for an adequate description of the drawings.

Appropriate correction is required.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
